Kendriya Vidyalaya,
Belgaum

WORK EXPERIENCE

DELOITTE USI

Frontend Developer

(Bangalore, India)

(Jan 2020 -PRESENT)

- Developed fully functional, responsive and accessible website using React.js, WordPress and Twig template engine reaching 1M+ users.
- Created reusable customs blocks and tools using React.js which helped customers calculate insurance rates more efficiently.
- Assessed UX/UI designs for technical feasibility with the team and collaborated with product Managers to implement new feature developments.
- Performed A/B testing and multivariate split tests using Google Analytics which improved customer conversion rates by 30%.
- Managed deployments and automated CI/CD processes via Azure DevOps.

PROJECT

COVID-19 | Github

- Developed a React application that displays live worldwide Covid-19 statistics.
- Visualizes data of all the countries using Covid-19 API, Leaflet Map and Chart.js.

Code-Pen | Github

- An online code editor that allows users to create HTML, CSS and JavaScript code snippets.
- It allows user to write code in the browser, and see the results of it as you build.
