Kendriya Vidyalaya,
Belgaum

WORK EXPERIENCE

DELOITTE USI

Frontend Developer *(Jan 2020 -PRESENT)*

- Developed fully functional responsive and accessible webpages using React.js, SCSS and created reusable customs blocks using WordPress and Twig template engine.
- Assessed UX/UI designs for technical feasibility and collaborated with product team members to implement new feature developments.
- Authored, passed and executed test cases during Software development Life Cycle on tools like HP ALM.

PROJECT

COVID-19 | Github

- Developed a React application that displays live worldwide Covid-19 statistics.
- Visualizes data of all the countries using Covid-19 API, Leaflet Map and Chart.js.

Code-Pen | Github

- An online code editor that allows users to create HTML, CSS and JavaScript code snippets.
- It allows user to write code in the browser, and see the results of it as you build.

SORTING VISUALIZER | Github

- A pure JavaScript Web application to Visualize how different Sorting Algorithms work.
- Implemented Merge, Insertion, Selection and Bubble Sort.
